Mt. Hebron HS Principal
Dr. Joelle Miller

- Virtual School Update
- MHHS Mission Statement
- Q & A

WHAT IS A VISION?

A vision statement looks forward and creates a mental image of the ideal state that we want to achieve. It is inspirational and aspirational and should challenge members of that community.

OUR VISION

Mount Hebron is a respectful, safe, and inclusive environment. We provide a high-quality education that creates lifelong learners who will impact society as responsible, global citizens

WHAT IS A MISSION?

A mission statement is a concise explanation of our reason for existence. It describes the our purpose and our overall intention. The mission statement supports the vision and serves to communicate purpose and direction to all members of the Hebron community

OUR MISSION

Mount Hebron High School staff purposefully engages, encourages, and develops all students through rigorous academic, artistic, and athletic instructions, experiences, and opportunities in order to cultivate personal growth and nurture lifelong learning.

Mount Hebron staff live by the following principles:

- Connect – engaging families and the community in meaningful and mutually beneficial partnerships to champion every student's academic success and well-being.
- Achieve – striving for equitable, educational opportunities to enrich the whole student, to demonstrate personal accountability, and to act with cultural competence.
- Value – fostering growth in each student's inherent intellectual, social, cultural, and ideological value that encourages learning and school improvement.
- Empower – encouraging self-accountability and independence by recognizing each student's individual strengths and voice as assets for learning.
